

FOCUS GROUP PARALLEL SESSIONS FOR NATIONAL SCHOOLS

All National Schools are invited to participate in the parallel sessions of their Strategic Focus Research Groups. Each National School will be allotted a time slot between 4 to 7 hours on Thursday, February 27, 2020, to develop an activity agenda that will address a general audience and enable them to make their research results public, along with their project progress, new lines of research, published books and scientific papers, thesis progress, collaboration opportunities, and more.

Each School will define their own agenda for the session, taking into consideration it is open to the general public, and the themes should be of interest to the audience, privileging open Innovation.

The deadline for sending School activities is Monday, **November 11, 2019**.

Registration is available online via the Congress webpage:
