

PUBLICATION OF SUMMARIES 2019 - COMPENDIUM

An electronic compendium containing summaries of the scientific production of the Institution's researchers as indexed in Scopus will be published. The compendium will include summaries of the following: journal articles, articles in press, conference papers, published books, book chapters.

These summaries will automatically be available on the Scopus database and, for the week following the Congress, will be available on the Research Congress webpage: <http://congresodeinvestigacion.tec.mx>
