

## RESEARCH HISTORY AND PERSPECTIVES AT THE TECNOLÓGICO DE MONTERREY

Call for proposals are open for Strategic Focus Research Group leaders at the Tecnológico de Monterrey for contributions to the historical document commemorating the 50th anniversary of the Research and Development Congress. Proposals about Research challenges for facing the future will be considered.

Proposals should be sent by Research Strategic Focus Group leaders and their expected content is as follows:

1. General/historical aspects related to the area.
2. Group strengths in resolving the challenges.
3. Group projects that have transcended given their impact.
4. Outstanding challenges in the area.
5. How the future is visualized in facing the challenges described.
6. Historical photographs supporting the proposal should be included.

Proposal submission deadline is Tuesday, **October 15, 2019**.

Registration is available online via the Congress webpage:

<http://prod400azws03.southcentralus.cloudapp.azure.com/cidtec> clicking on Proposal submissions.

Accepted proposals will be published in a document to be titled Research History and Perspectives at the Tecnológico de Monterrey. Additionally, this publication will contain those historical aspects that have marked and triggered research at the Tecnológico de Monterrey, in addition to a vision of the future of research. The presentation of this publication (date to be defined) will be at the Monterrey Campus Congress Center and will include the participation of Directors, researchers, as well as a special participation of former Congress Presidents.
